

INTEGRATED MICROSCOPE DENTAL LIGHT SYSTEM™

*Another First
from Global Surgical*

*This Integrated Microscope/
Dental Light System is the first
commercially available microscope/
dental light combination. Now
you don't have to worry about the
needed space and expense of
mounting both your microscope
and your dental light.*

Easy to Move

No Drifting

Asepsis-Friendly

Industry Standard Bulb

Wall or Ceiling Mount

GLOBAL
SURGICAL™ CORPORATION

INTEGRATED MICROSCOPE/DENTAL LIGHT SYSTEM

- Lamp intensity control is a very conveniently located, two-position toggle switch on the dental light head itself
- The light is quite compact and the spring arm provides very easy maneuverability
- Rounded edges and a contoured handle, make it easy to clean for optimum asepsis
- Constructed of metal and a hardened plastic polycarbonate shield with Pyrex reflector
- This Integrated Microscope/Dental Light System mount is retrofittable on many existing Global Surgical microscope systems

DENTAL LIGHT

The Dental Light is also available independent of the microscope.

Lamp Specifications

- 120 VAC, 1.5 Amps, 60 Hz, 150 Watt
- 240 VAC, .75 Amps, 50 Hz, 150 Watt
- Temperature color range 4200 (low) and 5500 (high) °K
- Light output: 18,000 (low) and 38,000 (high) LUX
