

GLOBAL MICROSURGEON'S CHAIR

The perfect support for the MicroSurgeon

GLOBAL
SURGICAL CORPORATION

SITTING DOWN ON THE JOB NEVER FELT SO GOOD

Armrests swing forward to provide steady support for your arms during precision work.

Armrests can be easily adjusted up and down, or in and out, meeting your unique needs.

Arms fold back for easy access and compact storage.

Back support adjustment provides firm support in all positions – leans forward with you for constant lumbar support, or can be locked into place. It can also be adjusted up and down.

Entire chair tilts forward for perfect positioning.

- Height adjusts from 16" to 21"
- Asepsis design - seamless upholstery
- Optional footrest ring available
- More than 40 colors to choose from

Assistant's Chair

This traditional style assistant's chair is available with a foot control or a hand control. It adjusts from 18" to 24.5" in height. An optional footrest ring is available (on hand control only).

This "Micro-Assistant's" Chair provides all the features of the MicroSurgeon's Chair, with the addition of an assistant's armrest.

Designed and built with pride in the United States
